COLLABORATION
This was a great learning experience. One I would recommend to anyone!

Thank you for a wonderful experience.

The staff was excellent and the networking opportunities were very rewarding.
Natural Resources Leadership Academy

“The conflict related to water is very important to us because we are in the Middle East, and we are suffering from a shortage of water. I hope to gain valuable experience and learn from the others here to find out what they think, and then hopefully improve the situation in my country.”

Off-Campus Site-Based Learning

The goal of OSL is to provide a mechanism for departments to take advantage of the unique characteristics of off-campus venues and facilities that advance learning outcomes.
Off-Campus Site-Based Learning

- Hands-on learning experience
- Site-specific characteristics that enhance learning
- Pedagogically sound
- Learning outcomes consistent
Off-Campus Site-Based Learning

Beware

Extra costs to students!
Off-Campus Site-Based Learning

SUCCESS?

- Enhanced student learning experiences
- Greater use of OSU Extension facilities
- More interaction between students and faculty
- More resources for department scheduling
