Why the new course demo?

• Demo was outdated and no longer represented what online learning is really like at Oregon State.

• **Goal**: Redesign the course demo to answer key questions:
  • How will I learn?
  • How will I interact with other students or faculty?
  • How about labs? How do those work online?
  • What about tests and assignments?
  • Is online learning right for me?
Finding the course demo

1. Go directly to ecampus.oregonstate.edu/coursedemo

2. Go to Oregon State Ecampus online – click on “Course demo” on the home page.

January 10, 2013
Bridging the gap for a better future

Oregon State unveils a graduate program in school counseling that combines online and on-site learning, and OSU President Ed Ray says it will be a key component to statewide student success.
